I am very fortunate to have one of the best jobs I could ever imagine. I get to meet families on one of the happiest days of their lives and create art work that will be cherished by generations.

Joe - Shutter Speak

MEET JOE

Get to know the man behind the lens

As your wedding photographer it is important that you know a bit about me. I started my career in photography in New York working as a press photographer. I was fortunate to be able to photograph some of the largest music acts in the country, professional sports, and various pop culture events.

I also photographed kids and weddings for my own business and really fell in love with weddings. Weddings are fun, crazy days, filled with laughter, tears of joy, and authentic emotion. It is being able to capture the sincerity and the beauty of these little moments that are unique only to your relationship that really move me.

To me this is so much more than being the person photographing your wedding. It is about authentically documenting your journey and creating art. Not just any art, the kind that you want to hang on your wall and proudly show your children and grandchildren.

WHY CHOOSE SHUTTER SPEAK

Your wedding photographer is one of the only vendors you will communicate with before, during, and after your wedding, so great communication is key. We are not a shoot and burn studio, but rather, we take a luxury boutique approach booking only 24 to 30 weddings per year. We feel that your wedding photos are more than just photos. They are works of art to be framed and displayed. They are family heirlooms that generations of family will cherish. Your wedding album is your love story to be shown to friends, family, and especially, your children and grandchildren. With this approach in mind, we aim to make the experience truly unique, as unique as your individual love story.

WHAT TO EXPECT

Get the most out of your photo sessions

LOCATION

Add personality to your photos by choosing a location with personal significance for your engagement session! Whether it's the neighborhood where you bought your first home together, the park where you walk your puppy, the school where you met, or the location of your first date, let me know if there is a place that is sentimental to you! If not, there are many beautiful locations to choose from in the area and I'm happy to make recommendations.

PAYMENT

A \$1000 non-refundable retainer is required in order to secure the date of your wedding. The remaining portion of your balance is due 30 days prior to your wedding.

SCHEDULING

Engagement sessions are typically scheduled 2-3 months in advance. Cancellations and reschedules must be made via email or phone at least 48 hours before your session. Rescheduling for weather is at photographer's discretion, rescheduling for weather will typically be decided on the day of the session.

WHAT TO WEAR

Wear something that makes you feel comfortable and confident. Solid bold colors, and accesories photograph really well. Feel free to get creative with your wardrobe! We encourage you to send pictures in advance. Avoid clothing with writing on it. Wardrobe change is allowed so bring a change of clothes too.

STYLE TIPS

WHILE IT IS GREAT TO COMPLEMENT YOUR FUTURE SPOUSE IN PHOTOS, BY NO MEANS DO THE TWO OF YOU NEED TO WEAR MATCHING OUTFITS.

IF YOUR OTHER HALF IS MORE COMFORTABLE IN SOLID COLORS, TRY CHOOSING SOMETHING WITH A LITTLE TEXTURE, SOFT PATTERNS ARE A GREAT WAY TO ADD CONTRAST TO YOUR IMAGES. BE CREATIVE, BE COMFORTABLE, AND BE YOURSELF.

WEDDING DAY TIPS

Gather all of your details together in a separate bag the day before the wedding and give them to a brides maid. That way when I arrive I can photograph them quickly! This makes the “Getting Ready” portion of the day go by smoothly, and it allows me to spend more time focusing on the spontaneous moments that occur while everyone gathers in anticipation of the wedding ceremony.

Here’s a brief list to generate some ideas: rings, ring box or pillow, jewelry, hair accessories, cultural items, invitations, programs, shoes, and anything else that you’ve put thought into and want to have documented!

LITTLE DETAILS COUNT

Some of my couples’ favorite photos from their wedding end up being the detail shots that are taken throughout the day. Details help tie everything together and tell the story of your special day. If your wedding is low-key and has few custom details, don’t sweat it; that’s okay too!

Think about getting a satin hanger for your dress. They look great in your photos and they will keep your dress in perfect condition.

REMEMBER TO RELAX AND ENJOY THE DAY !

FREQUENTLY ASKED QUESTIONS

Answers to all of your photo related questions

What makes your work different from other photographers work?

I'm your partner throughout the wedding process. The photographer is one of the only vendors you will interact with before, during, and after the wedding. I will be there to help guide you before and during your wedding day to ensure things go smoothly. I will be in the background quietly capturing your special moments unobtrusively but will then take charge to wrangle your family together for formal portraits.

Will we get the print release to our weddings?

Yes! You will receive a print release with the digital images from your wedding and portrait sessions that contain a print album purchase.

How many photographers will be there at our wedding?

My top wedding collections come with two photographers, but I happily fly solo as the only photographer at many smaller weddings. Having a second photographer gives you many more choices of images at the end of the day so I highly recommend it.

Will we get featured in a magazine or blog?

Although some sessions and weddings do get featured, this is not something that is guaranteed. I do regularly submit weddings to magazines for publication.

Do you photograph elopements?

Of course! Depending on availability and the number of hours you have set aside for photography. I have rates for small week day weddings and elopements.

Do you have a list of preferred vendors to used?

You bet! From wedding coordinators to florists and DJs, I have worked with some amazing vendors and I would be happy to share their information with you!

We're having a destination wedding, do you travel?

Yes! I love destination weddings and would be happy to travel to document your wedding. Send me more information on your travel plans, and I will create a custom wedding collection to suit your needs. I'd love to photograph a wedding in an Irish castle!

HAVE ANOTHER QUESTIONS?

Send me a message. I'm happy to help!

Do I have to order prints through you?

I highly recommend ordering prints through Shutter Speak. Our prints are produced at a professional printing lab. Clients who order digital only packages almost never print their photos! This means their children and grandchildren will likely never see those images. Professional prints last up to 200 years!

What happens if your camera breaks?

All of our cameras, flashes, and lenses are professional grade. They are the same kind used by press, music, and sports photographers. They can take a beating, but in the unlikely event one fails, we have back-ups for our equipment. The wedding day will go on, and you'll never know that anything happened, and your day will still be beautifully documented.

Are the couples on your site models?

From time to time we may photograph looks for bridal shops or shows and we do display those images on social media, the web, or in a brochure, but most are regular paying clients.

How do we reserve our wedding date?

A signed contract and a \$1000 deposit is required in order to reserve your wedding date. The remaining balance is due 30 days before your wedding. Payment plans are available upon request.
